

Tech Tip #11: ProDOC-It Paperless Printer Integration with Windows 10

If you are upgrading to Windows 10 and use a DocLogic paperless printer, we have created an application designed to work specifically with Windows 10 called the Prodoc-It printer. This application has the same functionality as the DocLogic paperless printer and is simple to install on your workstation.

The Prodoc-It installer should be located on your eDOC server in the same location as your other eDOC application installers. If you do not have the Prodoc-It installer, please contact our support team at 800-425-7766 option 2 or csr@edoclogic.com and we'll fix you up!
