## **BEST PRACTICE: DISABLE PHOTO STORAGE**

If you plan on allowing members to upload photos of requested documents using your new Lenovo tablet, we strongly recommend that you deny storage permissions for the tablet's "Photos" application. This prevents your members from storing or accessing any photos on your tablet.

## Disable Storage for the Photos Application

- 1. From the home screen, tap Settings.
- 2. Scroll down until you find the "Privacy" section and tap Privacy.
- Tap Permission Manager. 3.
- 4. Tap Storage.
- 5. On the list of Allowed applications, tap Photos.
- 6. Tap Deny. In the confirmation box that appears, tap Deny Anyway.
- 7. Access to the Photos application is now denied.
- 8 The first time the tablet is used take a photo, you will be prompted to allow access to the Photos application. Tap Deny & Don't Ask Again to avoid being prompted with this message in the future.
