

## Tech Tip #65 – Adding 2020DOC Tables to View from within idocVAULT

**\*\*These settings and features may not be available for all clients. If you do not see them, please contact your solution provider.\*\***

If there is a table in 2020DOC that you cannot see in idocVAULT, that table may not be properly set up for viewing on the website.

To add a table:

- Log into 2020DOC as an administrator.
- Click the **Manage** tab. From the drop-down list that appears, select **Tables**.

- In the **Document Tables** window that appears, select **Edit Table**.
- From the corresponding drop-down list, choose the desired table.
- Toward the bottom of the window, check the **Make available to web users** box.

 A screenshot of the 'Document Tables' configuration window. The 'Edit Table' radio button is selected, and a dropdown menu shows 'Loans' selected. The 'Make available to web users' checkbox is checked and highlighted with a red box. Other fields include 'Data Server' (172.), 'Document Type' (\_Loans), 'Document Category' (Image), 'Master Table' (Member\_List), 'From Date' and 'To Date' (date pickers), 'Default Location' (Loans), and 'Cabinet' (Loans). A 'Fields' table is displayed on the right.
 

ID	Name	Type	Size	Prc	Key
3	Account	VARCHAR	25		*
48	Suffix	VARCHAR	10		
47	Origination_Date	DATE			
4	SSN	VARCHAR	25		*
5	First_Name	VARCHAR	50		
6	Last_Name	VARCHAR	50		*
7	Other	VARCHAR	255		
8	Form	VARCHAR	128
